# GIRLS DEVIL-POSSESSED, WEST POINT CUT OFF AVERS REV. W. F. CRAFTS

Lewd Dances and Immodest Dress.

That there must be more individualistic work if the boys and girls of the present day are to be saved, is the opinion expressed by the Rev. Wilbur F. Crafts, in his sermon at the Washington Heights Presbyterian Church last night. Dr. Crafts took as his text "The devil's hardest fight for a boy."

In the course of the sermon Dr. Crafts said:

"Let it not be assumed from this story that all boys are devils, and all girls angels,
"Many girls seem now to be devil-postical angels, and dressing in most immodest fashion. No wonder 50,000 girls are reported as dropping out of sight every year—in most cases running away from home in a deviliah fascination for some unworthy man, or to hide shame of previous secret sin. Alas that girls are so many of them Esaus, all too willing to sell their birth right of health and home and happiness for a few moments' gratification of vanity and appetite and passion.

"Behold in the city's street the spirited white stallion of passion driven by a youth who can scarcely hold him with the reins twisted about his strong hands. Manifestly it would be dangerous to touch the throbbing steed with a whip. But out of a newaroom jumps a 'man with a story magazine twisted uplike a rope, and strikes the stallion a strong blow across the eyes. He rears madly, and the youth can scarcely calim lim. The danger of a runaway is not fully passed when a tobacconist leaps out with a rope of tobacco and hits this

him. The danger of a runaway is not fully passed when a tobacconist leaps out with a rope of tobacco and hits this white steed of passion in the mouth, and white steed of passion in the mouth, and again he plunges and almost breaks from control. Then there leaps before him from a theater a dancing girl singing a lewd song, with which she strikes him a cutting blow across the fiank, and he takes the bit in his teeth and runs away, dashing himself and his rider to death through the red windows at the bottom of the street.

"Which things are an allegory of manifest amplication to the social duty of red more than erough taxes to meet the

fest application to the social duty of ered more than enough taxes to meet the moral street cleaning. Fathers and big brothers, give the boys a chance by smashing the traps set for their feet by the devil and devilish men all along your the devil and devilish men all along your streets."

The expenses of the bureau, both in Washington and in the field, for the three

### First Frost of Season.

Lexington, Ky., Sept. 17.—This town, with an elevation equal to the height of the bureau and its field force. This tax Bunker Hill Monument, had its first frost of the fall season. Sections in the south and north parts of the town were white like servors and the like. Its recovery was due to effective enforcement of the revenue laws, and efficient administration of the service. This record of efficiency, made by Com-

# CINCO CIGARS

### Now Five Cents Straight

Owing to the increased cost of production, the manufacturers, of CINCO Cigars, OTTO EISENLOHR & BROS., INCORPORATED, have advanced their seiling price to the dealers, and, in future, this cigar will be sold to the consumer absolutely at five cents straight, instead of six for a quarter, as here-

The CINCO Cigar has attained a national reputation, and through the main-tenance of a high standard of quality, has become the largest seller in the world, and the manufacturers deemed advisable to advance the price rather the its long-established high

membrane are far more prevalent, but

membrane are far more prevalent, but the malady keeps itself so well under cover that dangerous symptoms do not show themselves until too late. Such catarrhal affections are now daily being robbed of their dangers owing to the wonderful system tonic. Plant Juice, which is now being introduced here.

Among hundreds testifying daily to the efficacy of this purely herbal preparation is Mrs. Emma Davis, who resides at No. 2100 Fulton street, North Side, Pittsburgh. Mrs. Davis is a member of the Union Avenue Presbyterian Church, and is known and loved by a large circle of friends, who will be glad to know of her recovery to health. She stated:

"Not because I want to see my name in print, but in the hope that my statement will influence some sufferer, and they may receive the benefit from this medicine that I have, caused me to permit the publication of my testimonial. For the past II months I have suffered from stomach, liver, and kidney trouble; food fermented, pains in back, could not rest or sleep and I thought I would never be well again. I have been in the hospital and had taken various remedies, but never received any henefit from them. For 25 years I had been growing slowly very hard of hearing with head-noises and buzzing in my ears. I began to take Plant Juice about two months ago, upon the advice of a friend, and noticed an improvement from the very first day. I am now feeling fine and am able to return to work. The most wonderful thing of all is that I can hear the clock tick for the first time in 25 years. I can hear human voices and all the noises of the street, which formerly I was unable to do. God has sent me better health from Plant Juice and I will always praise it, for I feel I would have been dead by now were it not for this medicine."

The Plant Juice Man is at the People's Drug Store, corner Tth and K Sts., N. W., where he is daily meeting the local public, and introducing and explaining the merits of this remedy. Free samples given.—Adv.

fiscal years mentioned, was approximately \$19.800,000. There was assessed or collected approximately \$21,000,000, which was

administration of the service.

This record of efficiency, made by Commissioner Osborn in his administration of the service, under the direction of Secretary McAdoo, has never been approached in the whole history of the Internal Revenue Bureau since its establishment

The cost of collecting internal revenue receipts during the fiscal year 1916 was only 1.40 per cent, which broke all pre-vious records, and the average cost of collecting the internal revenue for the three fiscal years 1914, 1915, and 1916 was 1.51 per cent, likewise the lowest in the history of the service.

ball. A team is now being organized which bids fair to give the others some hot battles. It seems likely that if the camp lasts much longer a football league will be organized. If this is done some of the best football in this section will be furnished, for on all of the newly organized teams there are former football players of note, including many well-known college stars.

The prize squad honor which was The prize squad honor which was awarded to the squad of Corp. Guy, in Company F, is disputed by members of Corp. Muschiltz's squad, also of Company F. They claim that none of their squad has ever been in the guard house or reported for dirty guns or any similar offense. If they continue at this rate they say that they will be sure to win the medal. Already five of the men have been assigned to light duties because of their good work.
